Dr. Marius Steigmann
D.D.S., Ph.D

Dr. Steigmann graduated in Dental Medicine in TG.Mures Romania in 1987. In 2005 he received his PHD Summa cum laude from the University of Neumarkt (TG.Mures Romania.).

Dr. Steigmann is a Diplomate of the ICOI, served as ICOI Vice President of Germany from 2005 to 2011 and was board member of the DGOI for 15 years. He has also received the medal of "Semmelweiss" Budapest University Dental School Dept. Of Oral and Maxillofacial Surgery.

Dr. Steigmann is an Adjunct Clinical Associate Professor University of Michigan Dept. of Periodontics and held the position of Adjunct Assistant Professor of Oral and Maxillofacial Surgery Boston University. He is also Honorary Professor of the "Carol Davila" University Bucharest since 2003. Dr. Steigmann is the founder and scientific chairman of "Update Implantologie Heidelberg" 2002-2011 and the founder and director of the "Steigmann Institute". He maintains a private practice in Neckargemünd, Germany.

Thurs & Friday. March 13 & 14, 2025

Masterclass 1: Soft Tissue Management for Bone Augmentation

Different tissue biotype react different to surgical trauma. For this reason, we have adjusted the surgical approach to the biotype (tissue thickness) specific to each patient and location in the oral cavity.

Participants will learn:

- ✓ Soft tissue tension free closure – step by step
- ✓ Tension free flap adaptation – multiple options
- ✓ Suturing techniques with and against tension
- ✓ Adequate soft tissue manipulation for thin and thick biotype
- ✓ Improve soft tissue thickness
- ✓ Gain soft tissue elasticity
- ✓ Create keratinized gingiva

The tissue thickness dictates the way it is manipulated for high volume augmentation. Thick biotype can be managed in a classical manner. On the other side thin biotype needs new surgical approaches with specific instruments. The course will describe step by step the gain of soft tissue for tension free closure even in cases of reduced soft tissue thickness.

- ✓ Sinus lift
- ✓ Soft tissue management for sinus lift
- ✓ Bone augmentation in the maxilla-palatal sliding flap
- ✓ Bone augmentation in the mandible PPF, VBF or SteiPod

Mon, Tues & Wed. March 17, 18 & 19, 2025

Masterclass 2: Soft Tissue Management for the Aesthetic Zone

The achievement of optimal aesthetics around anterior dental implants has been a major challenge for many clinicians. The key to an aesthetically pleasing appearance lies in the clinician's ability to manage properly the soft tissue profile around dental implants.

Participants will learn:

- ✓ Incision in the aesthetic zone
- ✓ Different flap designs for the aesthetic zone
 - for GBR
 - for soft tissue improvement
 - for creating keratinized gingiva
 - for gaining soft tissue elasticity
- ✓ EBF aesthetic buccal flap, roll flap, pedicular flap and soft tissue uncovering techniques
- ✓ Advanced suturing techniques

Ergonomically designed equipment and generous lecture, and practice rooms enhance the mediation of theoretical and practical educational contents and facilitate the learning of ultra-modern surgical techniques.

- ✓ Hands-On for flap design in the aesthetic zone
- ✓ Incision and suturing on pig jaws
- ✓ Aesthetic soft tissue surgery
- ✓ Papillae maintenance
- ✓ Papillae reconstruction
- ✓ Papillary illusion

Mon, Tues & Wednesday. Mar 17, 18 & 19, 2025

Masterclass 3: Soft Tissue Management -Prosthetic Soft Tissue Development

The main purpose of this course is to explain, demonstrate and teach soft tissue development around implants in fixed single and multiple implant placement.

Clinicians will learn how to build treatment plans based on individual circumstances. They will learn to utilize modern prosthetic technology for reconstruction of soft tissue for single and multiple implants. The participants will get to plan prosthetically and aesthetically the position of the Implant.

Participants will learn:

- ✓ Abutment design for ideal soft tissue support
- ✓ Pontic design for aesthetic soft tissue development
- ✓ Emergence profile design for crown and abutment
- ✓ Different Wax-ups modalities
- ✓ Aesthetic Try-ins for different therapeutical phases
- ✓ Crown margin definition
- ✓ Gingiva-management with temps and Mock ups
- ✓ Hands-On on models

Strategy and procedures on Prosthetic implant planning

- ✓ Abutment selection single tooth (chairside & lab side)
- ✓ abutment selection multiple implants
- ✓ special double cast preparation for soft tissue development in the aesthetic zone

Comprehensive hands on training

- ✓ Video surgical demonstration

REGISTRATION FORM

REGISTRATION FEES \$

Brisbane, Australia

Option 1: Includes all main course Lectures & Hands-on workshop (MC 1) - (Thurs & Friday, Mar 13 & 14, 2025) = AUD\$4,500

Option 2: Includes all main course Lectures & Hands-on workshop (MC 2 & 3) - (Mon, Tues, Wed, Mar 17, 18 & 19, 2025) = AUD\$6,500

Option 3: Includes all main course Lectures & Hands-on Workshop (Masterclass 1, 2 & 3) - (Mar 13,14 & 17, 18 & 19, 2025) = AUD\$10,800

Option 4: Includes all main course Lecture only (Masterclass 1,2 & 3) Mar 13,17 & 18, 2022) = AUD\$ 6,000 (only for Alumni)

Course Option	Regular Fees	Super Early Bird Fees (before 30 Nov 2024<)	Early Bird Fees (>before 30 Jan 2025)
Option 1	AUD\$4,500	AUD\$4,050	AUD\$4,275
Option 2	AUD\$6,500	AUD\$5,850	AUD\$6,175
Option 3	AUD\$10,800	AUD\$9,720	AUD\$10,260
Option 4	AUD\$6,000	*AUD\$5,400	*AUD\$5,700
*Please specify your prefer Option(s):			

- Fees include morning light breakfast, interim snacks and buffet lunch
